

In brief.....

By Saverinus P. Kitingan (SATA- VP)

Sabah Got Ideas (SGI) is a program formulated to activate the minds of the people of Sabah and realize the business potential of ideas they have been keeping in their minds partly due to fear of failure to develop further or even to the extent of others stealing the ideas. Sabah is rich in cultures and other natural resources and the colourful mixtures to makes Sabah full of creative people but yet to be activated. There are many untapped minds out there and we believe SGI is the best tool for awareness, development and realization of ideas.

### SGI Main Objective

## **TO CREATE MORE LOCAL TECHPRENEURS IN SABAH THROUGH ACTUAL DEVELOPMENT OF IDEAS AND TURNING THEM INTO BUSINESS REALITY**

SGI will be conducted in 5 selected districts and a final State Level in Kota Kinabalu in conjunction with the ICT month in November.

#### **SGI District**

- Sandakan (22-23 Oct)
- Tawau (25-26 Oct)
- Kota Marudu (29-30 Oct)
- Kota Kinabalu (5-6 Nov)
- Keningau (12-13 Nov)

#### **SGI Final (State Level)**

- Kota Kinabalu (18-20 Nov)

SGI District is 2 days workshop with mini Startup Package of RM5,000 for the best 3 ideas whereas the final is a 3 day program with Grand Startup package worth RM20,000 for the best 6 ideas.

SATA hope that SGI program will be the turning point for people especially the youths to become entrepreneurs and realize their dreams through idea generation and development. With SATA we create more techpreneurs in Sabah through SGI- the DNA of entrepreneurship.....

**"A TECHPRENEUR IN EVERY FAMILY"**
